Cynthia Bernard

Primary Affiliation: Third Legend (IO)

Interested in the following Position: Color Guard Steering Committee

Bio/Introduction:

My name is Cynthia Bernard. As a lifelong member of the color guard community, I'm deeply invested in the idea that our activity is not just a performance. I've spent my life in color guard because I believe in the power of this community where creativity, collaboration, and personal growth come together on the floor. At the heart of my work is a deep love for the fact that our activity is an art that is judged. I've dedicated my career to helping performers, staffs, and directors better understand the adjudication system and use it as a tool for clarity, growth, and competitive success.

With over 25 years of experience as a performer, instructor, designer, and director, I now consult with teams across North America especially those who don't always feel seen. I want to represent the majority: smaller programs, international groups, and organizations with limited resources. My goal is to help make WGI even more accessible, supportive, and aligned with the diverse realities of its participants.

In hopes to have the honor to be of service by your sides.

Bio/Introduction:

Hi, I'm Rick Subel, and I am excited to apply again for the WGI Colorguard Steering Committee. I have served before on the committee and feel that I have the knowledge and experience to continue to make a positive impact in this role. Being an instructor and designer for the past 30 years and at all levels of competition--from Novice to World classes, both Scholastic and Independent--I feel I have a strong awareness of the ongoing needs and issues that we face trying to build, develop, and sustain competitive organizations in our activity. Rodney Thomas

Primary Affiliation: Fusion Winter Guard (IW)

Interested in the following Position: Color Guard Board of Directors

Bio/Introduction:

Hello, my name is Rodney Thomas. I was born and raised in Mount Vernon, NY, just north of New York City. During the day, I work as an assistant general manager for a dog training school in Bergen County, New Jersey.

My love and passion for our activity started at a very young age. My obsession was to one day be able to perform in WGI finals, and I was able to do so with Alter Ego and The Light Brigade. I've had many opportunities to perform and instruct that have made a profound impact on me, but the one that stands out is my time at Fusion, starting with Fusion drum corps (DCI All Age) in 2016 as a choreographer and later joining the indoor staff in the winter of 2018. I've served in many different capacities within the organization, from equipment technician to program coordinator to being elected as co-director for the 2024 season, a position I continue to hold today.

To be considered for a position on the board of directors would mean I'd be able to give back everything the activity and my current work has given me. It's about creating stability and longevity, providing opportunities for advancement, and offering guidance in complex situations that consider everyone.
