WORLD CHAMPIONSHIP COLOR GUARD CINTAS RAIN PLAN

Prop Storage

In the event of inclement weather, the WGI volunteers at the Cintas Center have been instructed to move as many groups into the available space as possible. Groups may be asked to minimize the amount of space that they utilize to ensure the maximum number of groups may enter. We highly encourage that an individual stays with your floor/props at all times.

Floor Refolding

If it is not possible to refold floors outside, then groups may carry their tarps up to the conference center where Body Warm Up happens and use a portion of that space to refold their floors. Groups will be permitted to put their tarp cart on the elevator after it has been folded to send it back to the first floor.

Groups will not be allowed to refold their floors in the performance venue at the conclusion of world championship events.

CINTAS CENTER PROCEDURES

CINTAS CENTER IS CASHLESS: Box office, & concession stands, are **100% cashless**. They will accept all major credit cards, debit cards, Apple Pay and Google Pay.

METAL DETECTORS: All persons will walk through a metal detector or be screened with a hand-held metal detector, to search for prohibited items any time they enter or re-enter the building. **Please allow extra time** to your arrival to the arena to account for this process.

NO COLOR GUARD EQUIPMENT will be allowed in the main spectator arena entrances. Equipment may only enter the building through the warm/up guard check-in entrance, prop unloading/loading area, and the designated performance entrance.

See additional page regarding clear bag policy and prohibited items.
