WORLD CHAMPIONSHIP COLOR GUARD NUTTER CENTER RAIN PLAN

Prop Storage

In the event of inclement weather, the WGI volunteers at the Nutter Center have been instructed to move as many groups into the available space as possible. Groups may be asked to minimize the amount of space that they utilize to ensure the maximum number of groups may enter. We highly encourages that an individual stays with your floor/props at all times. *WGI does not have access to the McClin Gyms and does not foresee these spaces becoming available to us. We may be granted usage of the hallways around McClin Gyms but only if the space is available.*

Floor Refolding

If floor refolding is not available outside, then the equipment area will be split in half allowing for partial floor refolding directly behind the curtain, groups will have appx 5-7 minutes to refold their floor and exit the space before the next group exits the performance area.

Groups will not be allowed to refold their floors in the performance venue at the conclusion of world championship events.

WRIGHT STATE UNIVERSITY'S NUTTER CENTER SECURITY PROTOCOLS

Equipment may only enter the building through the warm/up guard check-in entrance and the designated performance entrance at the top of the tunnel. *(See additional information on where groups can leave equipment and props outside backstage).*
